

PRODUCT DATA SHEET

PRODUCT OVERVIEW

The AFX Element Line™ is a premium aluminum tongue-and-groove cladding and soffit system offering the natural look of wood with durable powder coated aluminium extrusions (6063-t5 extruded aluminum). Designed for easy installation, AFX profiles are light weight, durable, fire resistant, weather-resistant, and require minimal maintenance.

FINISH OPTIONS

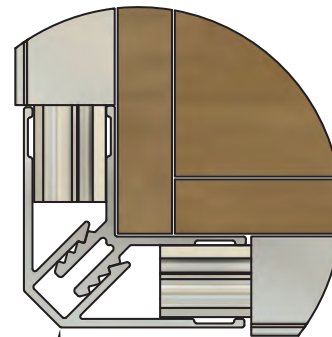

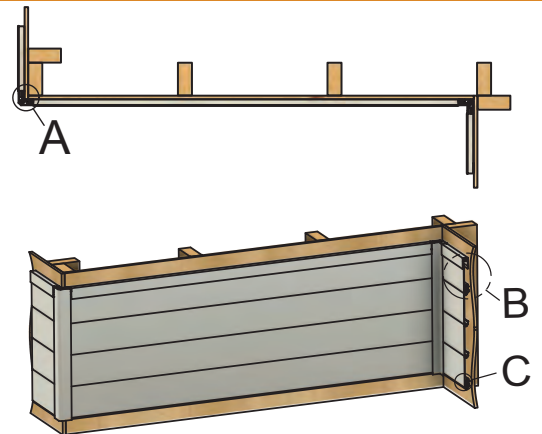

Available in 5 premium wood grain finishes:

- Bush Cherry
- Shou Sugi Ban
- Honey Maple
- Red Oak
- Medium Cedar
